

2022-23 Course Planning

Frequently Asked Questions

- 1. How do I get the instructor's approval to take Automotive 11 if I am in grade 10?**

Answer: Contact Mr. Loewen via Teams to make an appointment to discuss.

- 2. Are Physics 11 Stem and Pre-Calculus 11 Stem one class or two?**

Answer: Two

- 3. Is Yearbook 10 is a linear course?**

Answer: Yes, meaning that it is in a block on Day 1 or Day 2 for the entire year.

- 4. Can students take Anatomy and Physiology 12 without previously having taken Life Science 11?**

Answer: No, it is not recommended.

- 5. How do I find out what courses I need to take for post-secondary?**

Answer: Come to the counselling office to make an appointment with your counsellor.

- 6. There is a course I want to enroll in that is a higher grade than the one I am going into. For example, I am currently in grade 9, but am in Science Honours 10. How do I enroll in Chemistry 11?**

Answer: You will be able to select the advanced course while doing your MyEd course entry. It will be an option you can select. You should also make a special note of it on the course selection sheet you have submitted. Swing by the counselling office and talk to Ms. Biernes to obtain your original coloured sheet and make any changes or notes.
